Councilor Carlone:

Please be advised, the group encouraging anti-Israel resolutions in your fine city does not represent itself honestly. While “peace” is in their name, the solutions they advocate are not peaceful.

I would ask you to get information about who funds JVP and what its goals are. I can tell you the funding comes from anti-semitic organizations - at least what we know of, they do not publicly disclose much or their funding sources. Furthermore they do not support a two-state solution to the Israei-Arab conflict, rather they support the destruction of Israel asca Jewish state.

If this is in line with your views, I suppose you will vote with them, but if you believe Israel has a right to exist as a Jewish state, you cannot support their agenda in good conscience.
